Quality Policy Statement

As businesses we are committed to providing a quality product and service in the most environmentally friendly manner possible without impinging on the wellbeing of our employees, suppliers/subcontractors, clients, the environment and the general public.

We aim to achieve this by the following means:

- Ensuring that our policy is appropriate to our business and is adequately communicated.
- Resourcing and supporting our QMS.
- Complying with all applicable laws, regulations, standards and codes of practice.
- Understanding our clients' requirements and planning, resourcing and executing the works to meet them in full.
- Setting, documenting, communicating and reviewing objectives and targets.
- Training our employees in the needs and responsibilities of the QMS.
- Ensuring that all activities are undertaken in a quality focused manner.
- Being committed to the continuous improvement of our QMS.

To emphasise the importance of good quality practices, MJ Quinn Ltd. & SIP Energy Ltd. will communicate this policy to all employees and partners and seeks their active co-operation in its achievement.

The directors and management require the active co-operation and commitment of all members of staff to ensure the effective implementation of this policy.
